**PSE Disclosure Form 4-12 - Change in Par Value**  
**References: SRC Rule 17 (SEC Form 17-C) and**  
**Section 4.4 of the Revised Disclosure Rules**

**Subject of the Disclosure**

Reduction of the par value of the Company's common shares.

**Background/Description of the Disclosure**

One of the steps to implement the consolidation of the food and beverage businesses of San Miguel Corporation (SMC) is to first reduce the par value of the Company's common shares, and thereafter to increase the Company's authorized capital stock. The Company will then have sufficient shares to issue to SMC in exchange for SMC's shares in its beverage subsidiaries to be transferred to the Company, as well as conduct a follow-on offering to comply with the minimum public ownership requirement of the Exchange.

<b>Date of Approval by Board of Directors</b>	Nov 3, 2017
<b>Date of Approval by Stockholders</b>	Jan 18, 2018
<b>Date of Approval by Securities and Exchange Commission</b>	Mar 23, 2018
<b>Previous Par Value</b>	Ten Pesos (P10.00) per common share
<b>New Par Value</b>	One Peso (P1.00) per common share

**Rationale for the change in par value of the Issuer's shares**

The reduction in par value of common shares would make the share price more accessible to retail investors, thus improving trading volume and liquidity and increasing retail demand for a successful follow-on offering.

<b>Other Relevant Information</b>
<p>For those stockholders who will not be able to have their old stock certificates replaced, management has determined that all previously issued stock certificates shall remain valid, subsisting, and will continue to be honoured by the Company. The Company's independent stock transfer agent will just issue new stock certificates to cover the additional shares owned by the shareholder arising from the change in par value.</p> <p>For example, if a stockholder currently has a stock certificate for 10 common shares with a par value of P10.00 each, that certificate shall remain valid, and the Company will automatically consider the par value of such shares as reduced to P1.00 each. Further, since upon approval of the reduction in par value of the common shares, the stockholder should have 100 common shares with a par value of P1.00 per share, the Company will issue a new stock certificate to the stockholder for 90 shares, so that together with his old stock certificate, he will have 100 shares registered in his name, all with a par value of P1.00 per share.</p> <p>See Annex C for the documentary requirements for the release of the new stock certificates for additional shares as a result of the change in par value.</p>
